About Expo

The **NGV India Expo** focuses on the Natural Gas Vehicle (NGV) industry, showcasing the latest developments and innovations in the domestic and international market. The event provides one stop opportunity for the automobile manufacturers, government and state agencies etc. to exhibit their products, and thereby emerge new business markets in the country. The expo will bring together policy makers, fleet operators, vehicle manufacturers, and city and state planners under one roof for three-days that will provides a wide platform for the exhibitors and visitors to source new business relationships in the India.

As India has the fourth largest fleet of natural gas vehicles in the world, Natural Gas Vehicle EXPO showcased India's expansion into the NGV industry. The exhibition focused on global environmental solutions and emphasized the need for India to bridge the technological gap with some developed countries.

The event will attract exhibitors from 30 countries mainly from India, United States, Russia, Iran, China, Canada, Algeria, Qatar, Norway, Argentina, Australia, Brazil, Bulgaria, Canada, China, France, Germany, Israel, Italy, Korea, New Zealand, Poland, Sweden, Switzerland, Thailand, the Netherlands, United Arab Emirates and United Kingdom.

Green Society of India and Indian Exhibition Services continues its theme towards the environment protection and having its international CNG event in India that will attract investors, shareholders, regulators, environmentalists and CNG specialists'. The NGV market in India is projected to be among the top fastest growing NGV markets in the Asia Pacific region. The event will assist in expanding NGV industry in the country, besides providing opportunities for networking, exchange of information and experiences, and business ventures. India is ideally placed to become the world's No 1 in Natural Gas Vehicles.
